

Arielle Mikkelson

I am a P.B.A.U. Graduate and Florida Certified Teacher with a background in coaching competitive gymnastics, homeschooling and holistic nutrition. My family includes my three amazing teen children and my precious Rhodesian ridgeback, Beau Bear.

I taught middle school math in a public school setting and elementary and middle school language arts in a Christian, private school setting. I believe in a well-rounded education that treats each child as a whole person, body, mind, and spirit. I aim to assist children not only in Math but in their relationship with Christ and identifying their God-given gifts and abilities. Commit your work to the Lord, and your plans will succeed. Proverbs 16:3 Each of you as good managers must use the gifts that God has given you to serve others. 1 Peter 4:1
